Key areas identified in Action Plan following self-review.	Objective	Strategies for moving forward	Target date	Cost	Impact
Competitive Sport	To increase participation in competitive sport.	<p>Prior to the Sport Premium Funding there were very few opportunities for KS1 children to participate in competitive sport. As part of WFSSN we aim to attend all KS1 events and take the maximum number of children possible</p> <p>Release time/additional support staff Cost of transport</p>		<p>£1200</p> <p>£0</p>	This year approximately 180 children will be given access to competitive sport or inter school sporting activities led by children from secondary school.
To increase general levels of activity throughout the school day	<p>To enrich playground activities.</p> <p>To increase activity levels within the classroom</p>	<p>Purchase new equipment and specialist coaching to enrich playground activity during break times and to maximise impact of the new Sport England court.</p> <p>Subscribe to 5 a day fitness</p>	<p>May 2015</p> <p>Annual</p>	<p>£1160</p> <p>£120</p>	Teachers are using this in all classes to support gross motor development particularly of SEND children.
To improve gymnastics teaching within school	Coach to teach gymnastics alongside teachers, improving children's skills and supporting the professional development of the teacher	There have been significant improvements in the teaching of gymnastics so the school will review whether this element of the funding will be best used to support another aspect of the PE curriculum.	Nov 2015 - Feb 2016	£960	The gymnastics coach has worked alongside class teachers in two half termly blocks, leading to improved skill development for children and improved teacher knowledge and understanding of the way gymnastics should be taught leading to sustainable improvement in teaching.
Total				£8463
