

Learning about what happens when school is closed.

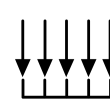

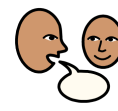

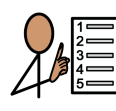

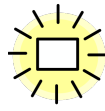

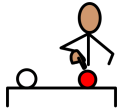

My school is called Chapel End Infants School and

Early Years Centre.

At the moment my school is closed.

This is because of a new rule that says all the schools

must be closed.

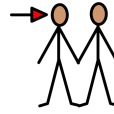

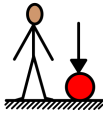

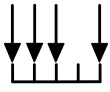

This rule is to keep the children safe and well.

The rule has been made because of coronavirus.

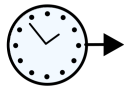

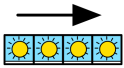

Coronavirus is a germ that can make people unwell.

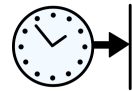

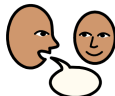

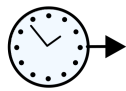

Most of the children are staying at home. They are doing

work at home.

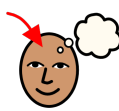

In the future the school will be open again.

Ms Chaplin will tell the children when it is time to

come back to school.

I can try and do my learning at home.

My adults will be very proud of me if I try and do my

learning at home.
